"Greatly Pleased at Fine Showing Made by American Athletes," Taft's Message.

WINNING NEW HONORS.

Americans Rouse Applause in Military Events, Taking Second Place.

U. S. OLYMPIC TEAM LEADS ALL OTHERS.	
The standing of the various teams in all the events of the Olympics is as follows:	
United States	120
Sweden	104
Great Britain	80
Finland	60
Germany	54
France	50
South Africa	16
Denmark	14
Italy	12
Canada	12
Australia	12
Belgium	11
Norway	10
Hungary	8
Spain	8
Greece	4
Austria	4
Holland	3

WASHINGTON, July 16.—President Taft today cabled his congratulations to the victorious American athletes at Stockholm, following receipt of a message from Commissioner James E. Sullivan, officially calling the Executive's attention to the winning of the Olympic meet. Sullivan wired:

"The representatives of the United States have again scored a glorious victory in the Fifth Olympiad in the field and track section. Our men behind the guns, rifles and revolvers also lead the world, and our cyclists and swimmers scored heavily in their respective events. Riding competition not concluded. In this great world's exhibition, where each nation enters its best type of men representing speed, strength, agility, accuracy, endurance and courage, America again leads the world."

Taft replied:

"Greatly pleased at fine showing made by American athletes in fifth Olympiad. Heartiest congratulations to Commissioner and athletes."

"WILLIAM H. TAFT."

The Stadium, in which most of the field and track events of the Olympics games were decided, underwent during the night a complete transformation. To-day it was found to be planted with hydrangeas and other bright flowers and studded with hedges, barred gates and walls which had displaced the cinder and the jumping pits and the gymnastic apparatus.

A brilliant audience comprising many members of the royal family, the leading representatives of society and Swedish cavalry and artillery officers with their wives packed the stands of seats round the arena shortly before 1 o'clock.

The fourth event, the prize jumping, in the military riding competition comprising a distance ride, a cross country ride, an individual dressage ride, prize jumping and prize riding, was completed in the afternoon. Germany occupied first place with 118.20 points, the United States second with 117.60, and Sweden third with 117.07.

The American officers showed a great improvement over the form they had exhibited at the last London Horse Show and when it became known they had replaced the Swedes and taken second place they were greatly applauded.

The funeral services for the dead Marathon runner, P. Lazzaro of Portugal, who died from sunstroke, was held to-day at the Catholic church here.

## AMERICANS SHOW OTHER NATIONS HOW TO PLAY BASEBALL.

STOCKHOLM, July 16.—The Americans showed the other athletes of all nations how to play baseball this afternoon. They did it in the Olympic stadium, and probably two such wins were never gathered together before in the whole history of baseball. They were divided into Easterners and Westerners and the Eastern team beat the Western one by a score of 5 to 3.

Among the Eastern players were C. E. Brickley, the Harvard hop-step-and-jumper; James Thorpe, the Carlisle Indian all-around athlete; Ben Adams, the New York Athletic Club's high jumper; John Paul Jones, the amateur mile runner; Ben Adams's brother Platt, the broad jump star; A. R. Kivist, the long-distance phenomenon; E. R. Mercer, the broad jumper from Pennsylvania; P. G. Irons, the Chicago jumper; F. V. Belote, the sprinter from the same city; and I. N. Davenport, still another Chicagoan; G. L. Horine, the high jumper from the Pacific coast; J. J. Courtney of Seattle, and J. A. Manual, the C. A. A. all-rounder.

It was perhaps the fastest collection of players seen on an amateur field and they demonstrated the game at its very best to the throng of international athletes who watched them.

Man Killed in Fall.

An unidentified man slipped and fell the rear yard of No. 527 West One Hundred and Twenty-seventh street this afternoon. He was killed instantly. The body, that of a man about thirty-five years old, was taken to the West One Hundred and Twenty-seventh street police station.

## Recreation Schools Making Americans Of Best Types from Lively Youngsters

Preparing for a Pageant on Aug. 3 on the Sheep Green in Central Park in Which 2,000 Children Representing All Nations Will Take Part Dressed in National Costumes.

Marguerite Mooers Marshall.

"I believe that the playgrounds of New York City make more American citizens than any other single agency. The playground does away with the gang among the boys and the secret society among the girls. What was was on the fields of Stoa and Marrow. In the history of the future we shall find American battles won on American playgrounds."

That is the enthusiastic conviction of William J. Lee, Supervisor of Recreation for the children of Manhattan. To save grown-up New Yorkers what a fine lot of children he is turning into citizens Mr. Lee has just arranged for a tremendous Children's Pageant. It will take place Aug. 3 on the sheep green in Central Park, and will be one of the features of the big Children's Festival arranged by the Human Welfare League, of which Robert C. Auld is president.

MANY ORGANIZATIONS TO BE IN THE PAGEANT.

Representatives of the Public Schools Athletic League, the Department of Child Hygiene, the Manhattan Trade School, the Women's Municipal League, the Boys' Club and many other organizations are co-operating with Mr. Auld in arranging the Festival. But he is particularly elated at having secured the Pageant, and didn't wonder when Mr. Lee told me about it.

"It will be called 'Around the World in 100 Minutes,'" he said, "and it could be given in no other city in the world. For every country will be represented by children once natives of that country and now good Americans. More than two-thousand boys and girls are scheduled to take part.

THEY CERTAINLY INTEND TO FEED THE KIDS.

"You can understand how elaborate the affair will be when I tell you that the Festival Committee must provide auto trucks to transport children from the city's recreation centres to the West Drive at Sixty-eighth street, where the Pageant will be held. Also there will be required 2,000 bricks of ice cream, 4,000 lady fingers, 500 quarts of milk, 200 half pound boxes of candy, and 2,000 packages of popcorn.

"One group of children will represent 'native dress,' which includes Indians, cowboys, tennis girls and baseball players. Then in succession will come children of England, Scotland, Switzerland, Russia, Germany, Italy, Spain, Hawaii, Ireland, Greece and Japan. All these youngsters will wear the costumes of the countries they have left for the United States, and they will dance the national dances of their respective countries."

"Under the supervision of their teachers at the various recreation centres, the children are already at work making their own costumes. Five-thousand yards of material will be used.

GREAT OBJECT LESSON IN PATRIOTISM.

"Of course, after the passing of the nations there will be a grand finale, when all the children will wear American flags and sing 'America,' 'Dixie' and 'The Star-Spangled Banner.' It will be the finest object lesson in patriotism ever given, both to the boys and girls and to the audience. But patriotism and playgrounds always go together," Mr. Lee ended, with a cheerful smile.

"Then you think the immigrant youngsters can be made good citizens?" I asked.

"Sure they can," asserted Mr. Lee. "I think I know something about children. I was one of a family of sixteen, and I have nine boys and girls at home now. And I know that if you treat young folk fairly they'll treat you fairly. If you train them in health and self-control they'll grow up healthy, self-controlled men—in a word, good citizens of a republic."

"We don't have any trouble with gangs in neighborhoods where we have playgrounds. And we don't have the little girls forming clubs that meet in dark cellars. The playground, open to sun and air and wholesome influences, is the social centre of the neighborhood."

"There isn't one boy or girl in one thousand who is naturally vicious. Their toughness and hoodlums, when these exist, are simply the results of misdirected energy. Provide proper channels in which the energy may expand and you do away with juvenile delinquency."

"Take the Chelsea Park neighborhood, which had a reputation of its own not so many years ago. Now the Hudson

## JUDGE ARCHBALD CALLED FOR TRIAL BEFORE THE SENATE

Summons Marked by Ceremony in Which Each Senator Is Sworn to Special Duty.

WASHINGTON, July 16.—Judge Robert W. Archbald of the Commerce Court, the ninth man in the history of the United States to be impeached for "high crimes and misdemeanors" was summoned to-day before the Senate to stand trial upon charges made by the House.

Following strictly the rules and order laid down in the code, begun more than a century ago, the Senate took up the formal proceedings. The fall of the gavel out short order business as Senator Gallinger, acting President, announced that the hour for the trial had arrived.

There was a moment of confusion as the Senate, unable to interpret rules out of use since 1904, sought a method of administering oaths that changed the body into the high court of impeachment contemplated by the constitution.

Acting President Gallinger had first to be sworn in as presiding officer, but none could say who should do it. Senator Shelby M. Cullom, the oldest member, was finally designated on motion of Senator Smoot.

Senator Gallinger then swore the Senators to their duties as judges. In parties of eight, selected alphabetically, they came forward to the bar and swore to "do impartial justice."

All Senators took the oath except Rankin, Brown, Chilton, Curtis, Davis, Dixon, Du Pont, Kern, Penrose, Poindexter, Rayner, Richardson and Watson, who were absent.

As the last retired to his seat, Senator Clark of Wyoming, chairman of the judiciary committee, presented the formal resolution, to inform the House that the Senate now sat as the "high court of impeachment" and was prepared to receive the House of Representatives and its committee of managers.

When the court of impeachment resumed after 3 o'clock this afternoon a summons for Judge Archbald, returnable on July 19, was issued. Whether the trial will immediately go on or be postponed until fall or winter probably will be decided then. The court then adjourned until 12:30 P. M. Friday.

## STOPS A GAME OF CARDS BY SHOOTING A PLAYER.

Stranger Enters East Side Barber Shop and Wounds His Victim Twice.

Leonardo Romano, who has a barber shop at No. 20 East Tenth street, was playing a game of cards with a man known as Rocco this afternoon. Several customers were standing about watching the play.

A stranger appeared in the doorway. Rocco took a look at the stranger and jumped to his feet. The stranger drew a revolver and fired three shots. One hit a big mirror in the rear and shattered it. The other two shots struck Rocco in the side. The stranger disappeared up the street. Rocco was removed to Bellevue Hospital unconscious.

Nothing is known of the wounded man except that he has been a hanger-on about the neighborhood for several months. Romano was unable to give an explanation of the shooting. He is certain the shots were intended for Rocco and not for him.

The Safe Way to Remove Corns

Paring a corn with steel is dangerous. A slip of the blade means a gash which may result in blood poison.

Treating a corn with unguaranteed remedies is uncertain. They may cure—but again they may not. And if they don't, you are money out of pocket.

## Pierce's Corn Plasters

Are absolutely guaranteed to cure. If they don't, the druggist gives you back your money.

The pain ceases quickly after applying the first Plaster. In ordinary cases, the corn, root and all, can be removed in 48 hours. With corns of long-standing 5 days are required. But in every case the cure is sure and lasting.

Just try Pierce's Corn Plasters on that painful corn which you think can't be cured. There's a pleasant surprise in store for you. Remember, we take the risk—not you.
